Document approuvé en Comité syndical du jeudi 12 mars 2020

Article L141-17 - Modifié par LOI n°2018-1021 du 23 novembre 2018 - art. 169 (V)

« Le document d'aménagement artisanal et commercial localise les secteurs d'implantation périphérique ainsi que les centralités urbaines, qui peuvent inclure tout secteur, notamment centre-ville ou centre de quartier, caractérisé par un bâti dense présentant une diversité des fonctions urbaines »

Les localisations préférentielles sont les lieux privilégiés de développement du commerce à l'échelle du territoire pendant la durée de validité du SCoT. En-dehors de ces localisations, le DAAC interdit tout projet d'équipement commercial de création de nouveaux commerces.

Les localisations préférentielles ne délimitent pas un périmètre à la parcelle
